Connect Present and Future Generations

The grand size of these family lots will provide ample space for this generation and those who follow. Designating locations for family members will further demonstrate the significance you place on your legacy.
St. Brigid dedicated her life to God and to the creation of religious learning centers. She founded two monastic institutions, one for men, and the other for women. Brigid was one of the most remarkable women of her times, and despite the numerous legendary, extravagant, and even fantastic miracles attributed to her, there is no doubt that her extraordinary spirituality, boundless charity, and compassion for those in distress were real.

People who have dedicated their life to God and their community have been laid to rest in this section of our cemetery. There are six religious orders with designated areas in Section 12. Christian Brothers, P.I.M.E. Missionaries, Dominican Sisters of the Monastery of the Blessed Sacrament, Basilian Fathers, Dominican Friars and The North American Province of the Marist Sisters have members interred here.

This section’s religious profile lends us to limit decorations to honor the piety of those religious interred in this location. Guidelines and regulations will be such that families are insured the conservative aesthetics will be faithfully preserved. Floral tributes are limited to those offered by the cemetery. Family monument lots and individual graves in this section include seasonal flowers to be placed in perpetuity. It is our charge to create an environment conducive to reverence and devotion.

We are now offering a limited number of families the ability to create 14 or 21 grave monument lots in Section 12. This unique opportunity allows your family name to be memorialized on one of two distinct monument sizes. Our Family Service Counselors look forward to discussing these options. Long after we are gone memorials will exist that allow our heirs a glimpse of who we were and how important family was to us.
