St. Francis Living Memorial
The St. Francis Living Memorial Program offers families an opportunity to remember and honor their loved ones while enhancing the beauty of the local Catholic Cemeteries. Your donation to this program will be used to plant beautiful trees throughout the cemeteries.

In our Archdiocese, we have serene cemeteries that bear witness to the respect and abiding love for our departed family members.

The St. Francis Living Memorial Program provides two ways to honor the memory of family and friends while enhancing and maintaining the natural beauty of the cemeteries:

- For a $1000 donation a tree will be planted in memory of your loved one and your loved one’s name will be engraved on the living memorial in each cemetery.
- For a $500 donation a tree will be planted in a priority area of the cemetery according to the master plan.
